

# Weddings at The Red Pump Inn

*A unique venue for your special day*

# The Venue

Tucked away in the hamlet of Bashall Eaves, The Red Pump is a country Inn dating back to 1756. With panoramic rural views and the spectacular Pendle Hill as a backdrop the Inn is situated at the gateway to the Forest of Bowland.

We have created for 2025 a unique wedding venue in the form of a giant hand built Yurt. An incredibly impressive timber structure with a bright, and airy feel and built for our daughter's wedding in 2021. Such was the feedback from guests who were wowed with it's unique rustic character we were inspired to invite other couples to share this experience.

The Yurt will be located in the open field to the front of the Inn with acres of grassland surrounding it. Linking the Yurt to the Inn is a carpeted walkway across the car park, lined with small trees in timber planters and lit with festoon lights.

# How does it work

Basically we provide the perfect setting and venue and you then add food, drink, music and any decorative touches of your own.

The Yurt comes complete with timber floor, rustic plank light board with drop filament lights, internal festoon lights, electric supply, PA system and a Bar service counter.

From there you configure your wedding as you wish. We are able to help if you require us to supply tables, chairs & linen, a dance floor, etc however you are free to arrange your own.

There are a number of excellent caterers in the area who have experience with a variety of wedding menus from a more formal 3 course sit down to a BBQ buffet.

# Pricing

We will be hosting weddings from May 2025 to September 2025 inclusive.

Weddings will be held on a number of weekends throughout this period with the Yurt available on the day before for preparations.

Please feel free to request additions you wish us to price and refer to the notes that follow for a fuller description of each item.
